

## DEMOCRATIC ALLIANCE OF BURMA CENTRAL EXECUTIVE COMMITTEE

Press Release: 14 /2006

Date: 16September2006

### **Democratic Alliance of Burma (DAB) applauds the UNSC for its placement of Burma on its formal agenda.**

Democratic Alliance of Burma (DAB) warmly welcomes the decision of the UNSC to place Burma/Myanmar on its formal Agenda. This is a major step forward for national reconciliation through the tripartite dialogue process, which is always denied by military regime of Burma.

DAB would like to extend heartfelt congratulations to the President of the United States of America, Mr. George .W. Bush, and his Government, for their keen interests and efforts to establish the Burma democratization through the UN Channel. In particular DAB acknowledges the efforts of US Secretary of State Ms Condoleezza Rice and its ambassador to UN Mr. John Bolton.

DAB would like to thank to all countries who offer their support to the US initiative in UNSC; namely Britain, France, Argentina, Denmark, Greece, Japan, Ghana, Peru and Slovakia.

DAB would also like to provide its support to US Congress in the recognition of South East Asia as a “point of regional instability” due to nuclear plans and the military expansion of Junta as an international threat.

We, on behalf of the DAB, would like to appeal to all countries who oppose the decision of the UNSC (China, Russia, Qatar and Congo) to acknowledge the necessity of the democratization of Burma. It is essential that these countries recognize that democratization can only be achieved with the unhindered involvement of Daw Aung San Suu Kyi and the majority winning party, together with all other winning parties, in national politics. DAB would also like to encourage Tanzania, who abstained from making a judgment in this matter, to empathize with the plight of the Burmese people, and make a decision in favor of democracy.

The Central Committee of the DAB would like to appeal to all peace-loving communities and dignities to provide helpful hand to democratic movement of Burma.

The Central Committee
