*THERE IS ONLY ONE ANSWER TO DEFEAT, AND THAT IS VICTORY*

**Dear friends, associates and comrades,**

It is my pleasure to know about your peaceful demonstration to promote awareness of UNSC on current situation of Burma under military dictators.

These local make dictators have friends in neighboring countries under the concept of Asia value. These so called friends are eyeing to fill up their pockets with resources from moribund Burma. It is my hope that with your courageous effort along with will of the peoples of Burma, the international community and UNSC shall take effective measure to cease military regime in near future.

May I convey you my best wish, as my capacity as General Secretary of the Democratic Alliance of Burma and on behalf of Peoples' Progressive Front, to be able to accomplish your noble task with great success, to restore democracy in Burma soon.

Best Regards

Dr.Kyaw Nyunt( General Secretary-DAB)

Secretary General Peoples' Progressive Front
